Pad printing machine Modular System

PAD PRINTING MACHINE

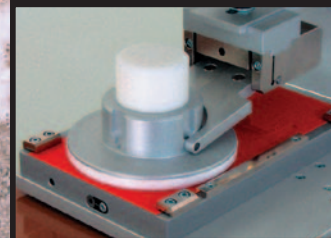

MS 130

The MS 130 is a compact and robust pad printing machine that has been fine-tuned for performance.

The MS 130 is very reliable and simple to operate, and it works well as a stand-alone printer or is easily integrated into automated systems. In building all microPrint machines

we use only top quality world class components and our workmanship is unparalleled.

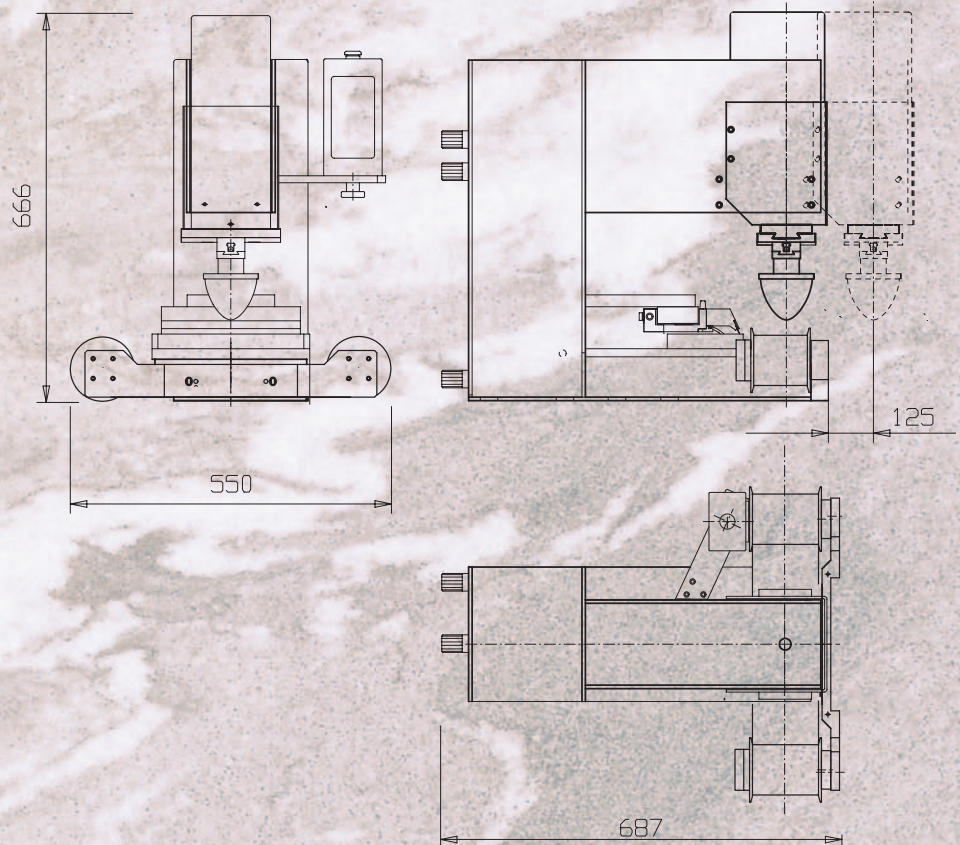

Worldwide service

All microPrint machines come complete with our worldwide customer service network and are backed with a **1 year** limited warranty.

Technical data

Printing capacity without pad cleaning:	up to 1'600 / hr
with pad cleaning:	up to 1'200 / hr
Drive:	pneumatic
Printing force:	max. 480 N
Pad stroke:	max. 150 mm
Compressed air supply:	5-6 bar (87 psi)
Air consumption:	104 l/min
Control system:	PLC Panasonic
Main voltage:	110 – 240V /50–60Hz
Control voltage:	24 VDC
Weight machine:	75 kg
Weight machine base:	89 kg
Dimensions:	see illustration
Plate size	
Open system:	max.120 x 120 mm
Closed system:	max.130 x 250 mm
Plate thickness:	0.5 or 10 mm
Cup size Ø: 1x 56 mm	Print Ø: 1x 46 mm
Cup size Ø: 1x 70 mm	Print Ø: 1x 60 mm
Cup size Ø: 1x 86 mm	Print Ø: 1x 76 mm
Cup size Ø: 1x120 mm	Print Ø: 1x110 mm
Number of colors:	1-2
